Navratri - Mata Di Chowki

Newsletter Vol-01 -OCTOBFR 2020

for private circulation only

Navratri is a Hindu festival that spans over a period of nine nights(ten days) and is celebrated with a lot of fanfare, zeal, and enthusiasm. The beginning of spring and the beginning of autumn are considered to be important junctions of climate and solar influences, this is the season that two periods are taken as sacred opportunities for the worship of the divine mother Durga. Our annual event" Mata Di Chowki" gains a lot of significance during this period as chowki is organized to express the desire of people or any particular wish or to pay their obeisance before Maa Durga thanking her for wish fulfillment. The interesting element found during the Chowki is that it is high on energy,' Satvik Bhojan' for the devotees and an opportunity for a true north Indian to pray, eat, dance, and make merry while the Goddess is happily evoked.

Karmik Connection

Newsletter Vol-01 -OCTOBER 2020

for private circulation only

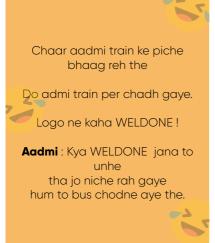

We must begin to see that everyone in our lives has a greater significance than we have ever imagined as all our relationships are KARMIC.

It is so fascinating to uncover the past life connections we have had with each other who are in our present life, as a general rule the people with whom we have our strongest emotional ties were somewhat connected to us in some form in the past life, souls who are closely related in one lifetime often meet in another life, their roles may change from life to life, but the Connection remains.

We help choose the living environments in which we can grow from where we left off in the previous life, It is not unreasonable to believe that we would choose to be reborn with those who are closest to us
